Everett:

I would like to thank you and Abigail again for participating in the 4.13.18 meeting at Senator Warren's Springfield, MA office. I thank those who participated by phone on behalf of Senators Warren and Markey as well.

I would request a meeting with Senators Warren and Markey at the earliest possible time. With their help we can bring justice to Jason Davis and his family and cure a giant ill in the Federal Civil Rights laws.

This is the best time in American history to add this one sentence into 42 U.S.C. Section 1983.

I attach an eight page letter which boils all the issues down to "brass tacks" and which answers inquiries posed on 4.13.18. Please distribute to Senators Warren and Markey and all those who attended the meeting.

We cannot turn our heads away from Jason Davis any longer.

Thanks.
